SECTION 1 – Why produce a Town Plan?

Cyngor Tref Caereinion Llanfair

Llanfair Caereinion Town Council

1.1 'If you do not know where you are going, how will you know when you have got there?'

1.2 The production of a Town Plan is to enable the Town Council to communicate its stance on various subjects and also to set out its plan for improving the Town for its residents.

1.3 The plan policies are to guide decision making. However the policies in this plan could be altered or overridden in exceptional circumstances considered at the time. There is also a project plan showing what is planned and in what envisaged programme & timing.

1.4 Communities everywhere are constantly changing. The government wants local communities to take more control of their own lives, to say what they want doing in their own neighbourhoods and to engage with other organisations to get it done.

1.5 Powys County Council have made clear statements that they wish to become closer to the communities they serve and to this end the Town Council will be seeking **to work closely with the County Council where there is a common interest.**

1.6 You cannot prevent change, but what you can do is influence it. The Town Plan can help our community to make change happen in a positive way.

1.7 The Town has seen a decline in recent years with the loss of both banks and a general store. The Town looks tired and is in need of rejuvenation.

1.8 The plan sets out how community action can meet local needs, and will help to prioritise resources, which in turn will provide important information to help influence the policies, decisions and actions of others.

1.9 By way of its budget allocations and particularly through its grant regime, the Town Council has been able to provide financial support to a vast array of community initiatives. It is hoped that this support will continue.

1.10 As a community we can show that we are taking our future seriously, the Town Council plan might increase our chances of getting local authority support to enhance our community's economic, social and environmental well-being.

1.11 It will give us the evidence to help inform policymaking by a range of organisations, from the local planning authority to police and health services.

Cyngor Tref Caereinion Llanfair

Llanfair Caereinion Town Council

1.12 It will also help us to develop and maintain effective working relationships with all those outside bodies that provide services to our community, now and in the future.

1.13 The benefits of producing this plan are many.

It will: →

- Give all local people the chance to develop a vision for their community, identifying positive and negative issues → Influence and inform others including Community Strategies and Local Development Frameworks
- Provide clear evidence of community needs and priorities for the Town Council to plan our resources and efforts.
- Strengthen the Town Councils relationship with all sections of the community.
- Help the community enhance its status → Develop increased local voluntary action
- Create a real sense of community spirit, getting people involved and talking to each other.
- Reinvigorate local democracy by stimulating interest in community affairs
- Gain funding for local initiatives by demonstrating we have been through a needs assessment with full community participation.
- Highlight projects which need involvement from other agencies
- Encourage partnership working.

1.14 Over a number of years various bodies have developed plans and strategies for addressing the needs of the local area. Often these plans relate to the remit of delivery obligations of the commissioning organisations that may extend far beyond the towns boundaries or relate to specific areas of the town or specific services.

1.15 Powys County Council has prepared a Local Development Plan setting out their strategy for the whole of the County. The Town Plan is looking to focus on the Town Councils area.

Cyngor Tref Caereinion Llanfair

Llanfair Caereinion Town Council

1.16 The Town plan will create initiatives for the area we serve and these could provide benefit for wider areas.

1.17 The Town Boundaries are set out at appendix A, the Local Development Plan maps with key at appendix B,C and D.

SECTION 2 – About Llanfair Caereinion

2.1 The small country market town of Llanfair Caereinion, is in the heart of the ancient county of Montgomeryshire, developed at an important crossing point on the River Banwy.

2.2 Victorian Llanfair had long been a centre for the farming community with its livestock sales and market hall. The town survived a great fire in the 18th century and there was much rebuilding.

2.3 It also lies at the crossroads of important routes from the coast to Shrewsbury with smaller roads connecting the communities of the Montgomeryshire countryside.

2.4 Today the Town has changed a lot and has less shops and commerce but still has some wonderful facilities ranging from the Leisure Centre to the Steam Railway and from Deri Woods to Mount Field.

2.5 The Town Census (2011) is set out at appendix E setting out the town's demographics. When the 2021 census is released the Council will consider any changes required to the plan as part of the annual review process.

2.6 The headlines of the Census for Llanfair Caereinion are:

i)	Population (estimated to be falling)	1,810
ii)	Home ownership	73%
iii)	Car ownership	90%
iv)	Seniors living alone	12%
v)	Residents with long term disabilities	18%
vi)	Seniors over 60	19%
vii)	Young people under 18	26%
viii)	Working for National or Local Government	25%
ix)	Working in private industry	30%
x)	Welsh speakers	29%

(percentages are of the population which is shown as 1,810 in 2011).

2.7 The economic base of the Town is from sheep and cattle farming, tourism and other local industries.

2.8 There is a need to continue good relationships between the Towns major employers including Wynnstays, the Steam Railway, the Caravan Parks and others to mutual benefit of all.

SECTION 3 – About the Town Council

3.1 A Town Council (or Community Council as they are also known) is the level of government closest to the people. These Councils are based on specific geographical areas and Llanfair Caereinion Town Council seeks to serve and represent the needs of the community of Llanfair Caereinion and its surrounding area.

3.2 Each community is divided into smaller geographical areas called wards. However in Llanfair Caereinion the Town Council operates as a single ward.

3.3 Elections are held normally every four or five years (the most recent election being in May 2017), whereby the residents of the Town are asked to elect 12 Councillors to represent the particular interests of the Town and the general interests of everyone living there.

3.4 Details of the Councillors representing the area can be found on the Council website at <http://www.llanfairtowncouncil.co.uk/>

3.5 The Town Council annually elects one of its Councillors to the position of Chair who then represents the Town Council at various events throughout the year. There is also an elected Vice Chair. Each is elected for a term of 12 months but it is custom that they serve a second term if they wish to.

3.6 Town Councillors are volunteers who stand for election because they care about the community and wish to see a difference made - there is no remuneration for this role.

3.7 Llanfair Caereinion Town Councillors meet at least once a month to discuss a variety of topics relevant to the running and development of the Town. The Town Council also has Committees which meet in addition to the Full Council.

Cyngor Tref Caereinion Llanfair Llanfair Caereinion Town Council

3.8 The Town Council prides itself on conducting its business in an open and transparent manner. It makes its agendas and minutes available at the public library and on the Council Web Site and at every Full Council meeting held on the fourth Monday of each month (except August); Llanfair and District residents have the opportunity to ask questions of the Council and to put ideas to them.

3.9 Llanfair Caereinion Town Council is one of over 100 Town and Community Councils within Powys – it is of medium size in terms of population, financial and service delivery activity within the County.

3.10 The Town's boundaries stretch from just short of Llanerfyl in the West to Cyfronydd in the East. Southwards the Town extends to part way towards New Mills and to the north approx. ½ mile from the centre.

3.11 The Town Council has few duties by law but it does have the extensive powers to carry out what it wishes to achieve.

3.12 The County Council is responsible for delivering most of the essential day to day services within the Town including education, social services, highways etc.

3.13 The Town Council's principal role is to represent the views of its residents, businesses and other organisations in the Town and it does this by regularly debating issues at its meetings and through local forums for business, residents and the youth. The Town Council also delivers a range of local services to the Town.

3.14 The Town Council considers matters referred to it by the Welsh Assembly Government, Powys County Council, other public agencies, local organisations and members of the public.

3.15 Sometimes these are issues on which it must express a view e.g. planning matters. At other times it is consulted as an interested party, for example regarding the Active Travel Plan.

3.16 At other times it has to seek out information on which it feels it should have been consulted or where it can influence decision making on behalf of the Town e.g. policing resources to tackle crime and disorder. The Town Council works closely with the local neighbourhood Policing Team through the PCSO.

3.17 The Council occasionally invites a speaker to address the Council on matters of general interest or local significance.

Cyngor Tref Caereinion Llanfair

Llanfair Caereinion Town Council

3.18 The Town Council challenges where necessary to get the best outcome for our town. To facilitate this process the Council employs a Town Clerk to manage the Council's legal, financial and administrative affairs and additionally they conduct the research necessary to keep the Council as fully informed as possible about the issues affecting the Town.

3.19 The Council also manages two Trusts (Mount Field and Deri Woods) which comprise property for the benefit and enjoyment of the residents of Llanfair Caereinion.

3.20 In carrying out their duties Councillors have undertaken to be bound by the Llanfair Caereinion Town Council Code of Conduct.

3.21 The Code requires Members to act in accordance with six general principles:

1. Promotion of Equality and Respect for Others.
2. Accountability and Openness.
3. Duty to Uphold the Law.
4. Selflessness and Stewardship.
5. Objectivity and Propriety.
6. Integrity.

3.22 In addition, in all their dealings the Code requires Councillors to consider whether they have a personal interest in any matters being considered by the Council and whether the Code of Conduct requires Councillors to disclose that interest. Failure to observe the Code can lead to a Councillor being suspended or removed from office.

3.23 Copies of the Code of Conduct can be inspected on the web site or making arrangements via the Town Clerk.

3.24 Published and Audited Accounts All Town and Community Councils in Wales are subject to an annual external Audit. During this process the accounts are available for public inspection. Additionally, the Council engages an independent internal auditor which also ensures accountability to the public.

3.25 The Town Council actively campaigns to maintain or increase standards, and develop community cohesion.

4.3 Conservation areas and listed buildings - A lot of the main Town Centre is covered by a conservation area. Within that area there are some listed buildings. The extent of the conservation area is shown on the plan at appendix C.

4.4 Recreation space (6 acre rule) - The aim for recreation space is to provide 6 acres for every 1,000 population. Llanfair Caereinion has a population of just under 2,000 so to meet these requirements there should be 12 acres of public open space. Taking into account Deri Woods, Mount Field and the playground the Town meets these criteria.
